We will continue effective community-oriented policing programs and venture to create programs that best serve those we are sworn to protect. We will endeavor to be fair, just and unbiased in the application of the law and in our efforts to improve the quality of life of all who live in the Town of Carrboro. We will embrace innovative problem solving strategies to provide the highest quality service and best possible outcomes for our citizens and stakeholders.

— Core Values —

COMMUNITY: As an integral part of the Town of Carrboro, preserving our community will be of paramount importance to our officers. This means preserving what makes Carrboro such a unique place to live and work. Each action we take, whether it be enforcing a law or educating a stakeholder, shall be for the benefit of the community. We will focus on building bridges of trust and strong relationships with each and every citizen.

ACCOUNTABILITY: To foster understanding, we will venture to be transparent whenever and wherever possible in our actions and in the performance of our duties. In order to maintain the high level of trust placed in us by the citizens we serve, we must be as free and open as the law permits. If we err, we must account for our actions and correct our transgressions.

RESPECT: Professionalism, integrity and right action on the behalf of others shall be cornerstones of our organization. We shall strive to be polite and courteous but above all professional, so that trust and respect may be earned and sustained. We will always act with empathy and place our duty above all else. We shall treat every citizen we meet with respect.

ETHICS: Service to the Carrboro community, integrity in all our actions and our dedication to duty will serve as the moral codes that guide us. We shall visit no injustice on anyone and will conduct ourselves, both on and off duty, in a manner that would bring pride and praise to our organization.
